SUBJECT:

MEASURE B SPECIAL TAX REVENUE FUND FOR TRAUMA CENTERS.

EMERGENCY MEDICAL SERVICES AND BIOTERRORISM RESPONSE

Section 8 of the Los Angeles County Board of Supervisors Measure B Resolution requires the County Auditor-Controller to file an annual statement of financial activity with your Board no later than January 1st of each year. Accordingly, Attachment I reflects the Statement of Financial Activity for the Health Services Measure B Special Tax Fund for the Fiscal Year (FY) ended June 30, 2011. The Statement includes a summary of the amount of funds collected and expended pursuant to Measure B.

Section 8 also requires a status of projects required or authorized to be funded pursuant to Sections 3, 6, and 7 of the Resolution. Accordingly, Attachment II presents the Status of Measure B Projects for FY 2010-11 as provided by the Department of Health Services.

If you have any questions related to the Statement of Financial Activity, please contact me, or your staff may contact Rachelle Anema at (213) 974-8327. Questions related to the Status of Measure B Projects may be directed to Eva Guillen of the Department of Health Services at (213) 240-7875.

MEASURE B RATE INCREASE: \$17.5 million in revenue

On August 24, 2010, the Los Angeles County Board of Supervisors (Board) approved a rate adjustment to increase the Measure B property assessment rate by twenty-seven hundredths of one cent (\$0.0027) per improved square foot, for a total of \$0.0399 per improved square foot, effective July 1, 2010, to take into account the cumulative increase in the medical component of the prescribed consumer price index from July 1, 2008 through June 30, 2010. This action provided an additional \$17.5 million in revenue beginning in FY 2010-11 and continues to provide needed additional funding for the Countywide system of trauma centers, emergency medical services, and bioterorrism response activities.

COUNTYWIDE SYSTEM OF TRAUMA CENTERS: \$201.6 million allocated to County hospitals; \$41.3 million allocated to non-County hospitals

County Hospitals

A total of \$201.6 million was allocated from Measure B revenues for trauma and emergency care services provided by the three County hospitals to eligible indigent patients. This included \$14.7 million in additional funding as a result of the Measure B rate increase to help offset a portion of the unreimbursed costs at the County hospitals. The budgeted funds were allocated as follows:

| LAC+USC Medical Center | \$107.2 million |
|--------------------------------|-----------------|
| Harbor-UCLA Medical Center | 52.7 million |
| Olive View-UCLA Medical Center | 41.7 million |

Total \$201.6 million

Status: The FY 2010-11 funds, which represent about 56% of the estimated \$359.0 million in unreimbursed emergency room costs for the Department, were distributed to the three County hospitals as follows:

| LAC+USC Medical Center | \$107.2 million |
|--------------------------------|---------------------|
| Harbor-UCLA Medical Center | 52.7 million |
| Olive View-UCLA Medical Center | <u>41.7 million</u> |

Total \$201.6 million

Non-County Hospitals

On June 1, 2010, the Board approved an extension of the Trauma Center Service Agreement (TCSA) with twelve non-County trauma centers to maintain the current

level of trauma care services effective July 1, 2010 through June 30, 2011. A total of \$41.3 million, including \$2.5 million as a result of the Measure B rate increase, was allocated from Measure B revenues for trauma and emergency care services provided by non-County hospitals to eligible indigent patients. The budgeted funds to non-County hospitals were distributed as follows:

| Claim-Based Payments | - | \$ 8.5 million |
|---------------------------------|---|--------------------|
| Lump-Sum Patient Care Payments | - | 26.5 million |
| Lump-Sum Base Station Payments | - | 3.9 million |
| Transitional Capacity Allowance | ~ | <u>2.4 million</u> |
| | | |

Total \$41.3 million

The status of these projects is as follows:

<u>Claim-Based Payments</u> – A total of \$8.5 million was allocated to pay medical claims for uninsured patients submitted by non-County trauma hospitals, on a first-submitted, first-paid basis, using a per diem schedule of rates as per the County's contract with these trauma hospitals.

Status: At the close of Fiscal Year 2010-11, a net total of \$8.3 million in claims had been paid to the designated non-County trauma hospitals. This included total refunds of \$0.2 million which were returned to the County, because a third-party payer was identified after County payments of the claims to the hospitals.

<u>Balance</u>: \$0.2 million was unexpended and unencumbered, and remained in the Measure B fund.

<u>Lump-Sum Patient Care Payments</u> – A total of \$26.5 million in lump-sum funding was budgeted for 12 non-County trauma hospitals. Under the Trauma Center Service Agreement (TCSA), this funding will be used as an intergovernmental transfer (IGT) to draw down federal Medi-Cal matching funds for 11 non-County trauma hospitals, and also as a direct payment to Ronald Reagan UCLA Medical Center (as a public hospital, Ronald Reagan UCLA Medical Center (UCLA) participates in a program that precludes it from receiving these Medi-Cal matching funds).

Status: In accordance with the State Plan Amendment (SPA) on Enhanced Payments to Private Trauma Hospitals (effective July 1, 2003, approved by the federal Centers for Medicare and Medicaid Services on March 31, 2005), and separate agreements between the California Department of Health Care

Services (DHCS) with each of the 11 private trauma hospitals, an IGT in the amount of \$11.6 million for initial installment of FY 2010-11 lump-sum patient care services was transferred to DHCS to draw down federal Medi-Cal matching funds of \$18.6 million, which was computed at the applicable Federal Medical Assistance Percentage (FMAP) rate of 61.59%. As a result, the 11 private trauma hospitals received a total of \$30.2 million in lump-sum Medi-Cal funding. In addition, an initial payment of \$0.7 million for FY 2010-11 lump sum patient care services was issued directly to Ronald Reagan UCLA Medical Center (UCLA). At the close of FY 2010-11, the following encumbrances remained in the Measure B fund for final payment of FY 2010-11 lump-sum patient care services: Ronald Reagan UCLA Medical Center, \$1.2 million; IGT to the State of California, \$12.4 million⁽¹⁾.

<u>Balance</u>: \$0.6 million was unexpended and unencumbered, and remained in the Measure B fund.

<u>Base Station Payments</u> - A total of \$3.9 million in lump-sum, hospital specific payments was allocated to non-County hospitals providing base station services.

Status: A total of \$2.5 million was transferred to the California Department of Health Care Services as an IGT to draw down \$4.0 million in Medi-Cal matching funds, which was determined based on the applicable Federal Medical Assistance Percentage (FMAP) rate of 61.59%. As a result, the private trauma hospitals received a total of \$6.5 million in base station payments ⁽¹⁾. In addition, a lump-sum payment of \$0.7 million was issued directly to Ronald Reagan UCLA Medical Center for providing base station hospital services for FY 2010-11. At the close of FY 2010-11, the following encumbrances remained in the Measure B fund for final payment of FY 2010-11 Base Station services: Ronald Reagan UCLA Medical Center, \$0.1 million; IGT to State of California, \$0.6 million.

Balance: None

<u>Transitional Capacity Allowance</u> - A total of \$2.4 million was allocated to St. Francis Medical Center (SFMC) for the provision of trauma services to eligible indigent patients under the Trauma Center Service Augmentation Agreement (TCSAA). The eligible indigent patients are those who either arrive at SFMC via paramedic ambulance or are directly admitted to an inpatient bed from the SFMC emergency room during the period from July 1, 2010 through June 30, 2011.

Status: At the close of FY 2010-11, a net total of \$1.5 million had been paid

to SFMC for services provided under the TCSAA and \$0.7 million remained in encumbrance.

Balance: \$0.2 million was unexpended and unencumbered, and remained in the Measure B fund.

PHYSICIAN SERVICES FOR INDIGENTS PROGRAM: \$4.7 million allocated

The FY 2010-11 Board Adopted Final Budget included an allocation of \$4.7 million from Measure B revenues to fund private physician trauma services provided to eligible indigent patients within Los Angeles County, and private physician emergency services provided to eligible indigent patients at St. Francis Medical Center.

The status of these projects is as follows:
